

Lawrence County ESC Extended School Year Support Plan

The ESC is committed to supporting member districts as they implement their extended school year support plans by:

- prioritizing the needs of our most vulnerable students and staff and building a strong bond amongst students, staff, caregivers and the community
- encouraging ongoing communication involving student success plans as well as using data supports for student growth
- teaming with local high schools to help assimilate data for high school graduation plans which will result in an improved graduation rate
- facilitating the development of quality plans through ongoing communication between the ESC and district teams
- sharing with neighboring schools best practice ideas focusing on academics and social and emotional needs of students, staff, and community
- Embracing the need of not only academic learning but physical as well as behavioral interventions using a multi-tiered system of supports K-12
- engaging in ongoing learning opportunities to enhance the overall effectiveness of hybrid, remote and face-to-face learning
- Offering professional development tailored to the needs of our member districts

The ESC remains dedicated to maintaining strong partnerships with students, staff, and community during these challenging times. Please contact us if we can provide assistance in any way.
